

FRENCH TROOPS RETAKE SOISSONS

ALLIES SEND GERMANS BACKWARD EVERYWHERE IN PRECIPITATE RETREAT

All Along Battle Line from Soissons to Thillois, French, British and American Fighters Have Pushed in Entire Enemy Front—Allied Big Guns Dominate Plains.

BULLETIN

WITH THE FRENCH ARMY IN FRANCE, Aug. 2.—By the Associated Press.—Soissons has been retaken and the valley of the Crise has been crossed.

The allied line this evening runs from Pomiers to Soissons, thence to Belleu the valley of the Crise, Chacrise and Arcy-St. Restitut thru the center of the forest of Nesles to the village of the same name and thru the center of the forest of Rheims to Lagery, Lheroy and Tramy. North of the last named three places French cavalry has advanced about another mile to the Bois le Moine and Treslon. Brouillet is still in the enemy's hands, in flames and farther east near Rheims, Thillois has been retaken.

The day was one of continued success for the armies of General Mangins, De Goutte and Berthelot. All along the line the Germans have been forced to hurry their retreat especially on the west and center of the salient. The enemy is completely devastating the country as he retreats carrying out the settled German policy.

The French are now on the edge of the plateau between the Crise and Vesle, after an advance which at some places was three miles deep within seven miles of Fismes. The enemy it now seems certain, must retire to the Vesle and very probably to the Aisne. A copy of the Berlin Tageblatt received behind the French lines contains the following article written recently by Herr Hegeler, its war correspondent:

"From the strategic point of view the seven days' battle has been a complete failure. Nevertheless success has been gained which I can register today. A new part of France has been laid waste. Everywhere are ruined towns, villages and farms. Fires light up the nights, and all day thick clouds of smoke, caused by violent explosions float over the ravaged corn fields and destroyed forests."

(By the Associated Press)

The crisis in the allied offensive on the Soissons-Rheims salient apparently has been reached.

French troops have entered the town of Soissons, the western anchor point of what remains of the famous salient and all along the thirty-six miles of curving battle line from Soissons to Thillois which lies about three miles west of Rheims. French, American and British troops have pushed in the entire enemy front and sent the Germans backward everywhere in precipitate retreat.

Over the battle front the allies, by quick and forcible onslaught have deeply indented the German defense line for splendid gains which seemingly foreshadow the necessity of the eventual retirement of the forces of the German crown prince to more tenable ground north.

Negotiate Most of Hill and Forest Country

The plains behind the northwestern portion of the battle front now are entirely dominated by allied big guns; south, the French and Americans have negotiated almost all of the hill and forest country and are encroaching perceptibly toward the Fismes railway, while on the east the British and French are almost astride the Rheims-Soissons railway and have their guns now so placed that the enemy is sure to be sorely tried as he endeavors to press back and gain refuge along the Vesle river.

May Be Forced to Take Refuge North of Aisne

Just how far the retreat of the Germans will go cannot now be forecast but with the southern line swinging northward in conjunction with that on the east toward the Vesle and with the French dominating the eastward from Soissons, it is not improbable that the Germans may be compelled to take refuge north of the Aisne.

Allies Take Numerous Towns and Hamlets

Numerous towns and hamlets have been captured by the allied troops during the latest fighting and at some points they have advanced from two to three miles. South of Soissons the entire Crise river has been forded by the allied troops, northeast of Fere-en-Tardenois the allied line has been pushed well to the west of the region of Grand Rozoy and the town of Saponay has been taken. In the center the Nesles Wood is being swept clean of Germans by the French cavalry and Americans and French troops are pressing the Germans hard north of Sergy and Nesles. Further eastward almost to the gates of Rheims, combined forces of British and French everywhere are sorely harassing the enemy. In this region in addition to Thillois the village of Ville-en-Tardenois is in allied hands and the French are now on the heels of the Germans two and a half miles north of the Dormans-Rheims high road over a front of nearly four miles. Altogether viewed from the war maps the situation for the allied troops at present is most promising for complete success in ridding the Soissons-Rheims salient entirely of the enemy.

Invade Some Positions with Little Opposition

Throughout the latter phases of the battles the Germans have not shown their stamina of previous days and at some points allied troops, particularly Americans, were enabled to make their way into German positions with virtually no opposition. All behind the battlefield the smoke of burning towns is visible which seemingly would give weight to the prevailing belief in the allied capitals that the Germans are nowhere near the end of their retreat.

Aside from the Soissons-Rheims salient there has been little fighting in any of the war theatres. The British are continuing their raids on the Germans in France and Flanders and the Germans at last accounts were heavily bombarding the British south of the Somme and near Ypres.

Berlin Reports

Desultory Firing.

BERLIN, Aug. 2.—"On the battle front there has been desultory fighting," says the official statement from general headquarters this evening.

Troops Have Reached

Close to Line Fiere Brat.

VIENNA, Aug. 2.—In Albania, General Planzer-Baldin's troops, fighting their way forward on both sides of the Seni road have reached in pursuit close to the line Fiere Brat, the official statement issued from headquarters today says.

Has Been Moderate

Artillery Activity.

ROME, Aug. 2.—The official communication issued by the war office today says: "There has been moderate artillery activity along the whole front. At Alano our patrols forced enemy advanced posts to withdraw, inflicting losses and taking some prisoners. A captive balloon and six hostile airplanes were brought down."

French and Americans

Advance Simultaneously.

WITH THE AMERICAN ARMY ON THE AISNE-MARNE FRONT, Aug. 2.—(By the Associated Press.)—8 p. m.—The French and American troops north of Fere-en-Tardenois advanced simultaneously early Friday, the French occupying Framille and Cramoisselle before seven o'clock and French infantrymen entering Saponay at eight o'clock. The Americans meantime kept pace with the French thru the forest of Nesles.

Several locomotives and forty railroads cars were taken at Saponay. The allies advanced under barrage, the Germans withdrawing northward thru the valley stretching from Saponay, feebly replying at intervals with artillery. There were many fires behind the line, the Germans have destroyed ammunition dumps before starting northward. The allies in this district encountered virtually no resistance.

The French tonight are sleeping in Saponay for the first time in two months.

Progress of the Allies

Is Much More Rapid.

LONDON, Aug. 2.—The latest news from the battle front received up to 1:30 this afternoon shows that the progress of the allies has been more rapid today, the troops having made an advance of from two to three miles on the whole line between the Ardre river southwest of Rheims, to the Mamet of Taux, about 6 1/2 miles south of Soissons.

The Germans are burning villages east of the Ourcq behind their lines.

The allied line now runs from north of Ville-en-Tardenois to Romigny, thence to Aougnay and Vezilly; south of Coulognes by Fair-Chateau to Arcy and Droisy and thence to Taux.

American Troops

Occupy New Village.

WASHINGTON, Aug. 2.—American troops occupied Clergy and advanced beyond the village in Thursday's fighting. General Pershing reported in his communique for yesterday received tonight by the war department. Vigorous local actions along the Ourcq was carried out by American forces.

The text of the statement reads as follows:

"Section A: On the line of the Ourcq vigorous local action arising from attacks made by our troops and counter-attacks also launched by our troops have occurred at several points. We have taken the village of Clergy and advanced beyond it. The situation in this vicinity is otherwise unchanged."

Gen. Mangin's Army

Continues to Advance.

LONDON, Aug. 2.—"The advance on the front of General Mangin's army continues," according to a despatch from Reuter's correspondent at the French headquarters. "In the main battle sector between Hartennes and Taux on the Soissons-Chateau Thierry road, and Fere-en-Tardenois, we pushed forward along the whole line of ten miles. We occupied Hartennes itself and the wood to the south, and brought the line up to Cramille and Saponay, making an almost straight line from Hartennes to Fere-en-Tardenois."

"In the center we have passed the road running east and west from Ville-en-Tardenois to Coulognes, north of the Ourcq valley, and are a couple of miles beyond Sergy," the despatch says. "In the central sector as is usual when the enemy is retreating his resistance is feeble, thin on the line. On the eastern flank of the salient our troops have taken the wood a mile east of Romigny and are within pistol shot of Villers-Agron, on the Ville-en-Tardenois-Coulognes road. Our patrols were able to advance a thousand yards north of Ville-en-Tardenois this morning. The Germans are burning villages behind their front as they retire."

"The text of the French victory at the Marne and in Champagne, and General Foch's counter offensive between the Aisne and the Marne are now being felt. The enemy pressed on all sides and with his communications, swept by our guns has again been forced to give ground. He is retreating with reluctance, continually hoping that the effort will prove too much for us, as it has for him.

"But unremitting pressure is bringing the results expected and the crown prince's reserves are being exhausted at a quicker rate than ours. The weather is overcast with showers."

Germans in Retreat

On All Sides of Salients.

WITH THE FRENCH ARMY IN FRANCE, Aug. 2.—(By the Associated Press.)—The Germans are in retreat on all sides of the salients between the Aisne and Marne. On the west the French and British troops, continuing their push of Thursday have reached the valley of the Crise, a little river which joins the Aisne at Soissons.

The Germans therefore have abandoned the whole of the Chaudon plateau, between the Cœuvres and Crise Valley. This ground has been desperately disputed battlefield for weeks. It has been swept by the German heavy guns from the north of the line and from the east and probably was the hottest sector of the whole battle front. In the center the French cavalry are in the big woods called the Forêt de Nesles, a mile northeast of Fere-en-Tardenois. On the allied left the troops are in touch with the forests of the Ardre two miles north of Villers-Agron. The Germans disregarding the military considerations which counsel frank acceptance of the defeat and rapid retreat many days ago in order to spare their men for a new attempt have been obliged to accept the inevitable and are falling back probably to the Vesle river. The German crown prince's offensive on the Marne has failed as signally as that of Von Kluck in 1914, and the last word is with the allies.

The text of the communication follows:

"Attacks conducted during the past two days by our troops and allied units on the front north of the Marne have obtained full success, the Germans having been pushed back over all the line and forced to abandon the positions of resistance they had chosen between Fere-en-Tardenois and Ville-en-Tardenois and to retreat precipitately."

"On our left our troops have entered Soissons."

"More to the south they have crossed the Crise along the whole of the river front."

"On our center we are progressing widely north of the Ourcq. We have passed Arcy-Sainte Restitut and penetrated the Bois de Dole."

"More to the east, Coulognes, four kilometers north of the Bois Meunier is in our possession."

"On our right Gossancourt, Villers Agron and Ville-en-Tardenois are in our hands."

"On this part of the front we carried our line about five kilometers north of the Burmans-Rheims road on the general line of Lheroy. Between the Ardre and the Vesle we have occupied Gueux and Thillois."

"Aviation: On the 31st, seven German airplanes were dropped on aviation grounds between the Aisne and the Vesle and on barracks and encampments of the enemy in the valleys of the Ardre and Vesle."

"Yesterday we shot down 14 enemy airplanes. Our bombing machines were very active during the night and destroyed among other things a big French ammunition depot north of Chamons."

BATTLE STATEMENTS

PARIS, Aug. 2.—French troops have entered Soissons, according to the French official communication issued this evening.

Over the entire line between Soissons and the vicinity of Rheims, the Germans have been compelled to give up important positions and retreat precipitately the communication adds. The Crise river has been crossed along the whole of its front, further progress has been made in the center of the fighting line and on the east the allied line has been pushed more than three miles north of the Dormans-Rheims road.

The text of the communication follows:

"Attacks conducted during the past two days by our troops and allied units on the front north of the Marne have obtained full success, the Germans having been pushed back over all the line and forced to abandon the positions of resistance they had chosen between Fere-en-Tardenois and Ville-en-Tardenois and to retreat precipitately."

German

BERLIN, Aug. 2.—via London.—The German official communication issued today dealing with the fighting of Thursday says that the allies between Soissons and Fere-en-Tardenois suffered complete repulse and failed to gain territory. British and French tanks which crossed the front German lines and reached the heights north of Beugneux were shot to pieces according to report.

The text of the communication follows:

"Between Soissons and Fere-en-Tardenois the enemy yesterday continued his useless attacks. Strong artillery duels preceded these attacks which were directed in the morning against our front on both sides of Ville-Montoire and in the afternoon extended as far south as Hartennes. They were repulsed before our lines, sometimes in hand to hand fighting. Here the enemy once again suffered complete failure without any gain in territory. Bringing the strongest forces into action British and French divisions attacked in the early morning from the line north of Grand Rozoy and Fere-en-Tardenois. On both sides of Beugneux their tanks, crossing our front lines, were able to reach the height north of this place. Here our artillery shot them to pieces."

"After bitter fighting the enemy's infantry attack on the northern slopes of the heights were unsuccessful."

"Between Cramaille and Fere-en-Tardenois attacks by the enemy's infantry in strong force and tanks broke down before our line. Strong enemy firing between Fere-en-Tardenois and the Bois Munier was followed by infantry attacks only north of Cierges. They were repulsed."

"Quiet reigned on the rest of the battle front. In Champagne we have been successful in forefield engagements south of Mont Fichtel and east of Suippes. Northwest of Perthes in local thrusts we pressed the enemy back out of his front lines and north of Mesnil repulsed partial attacks by the enemy."

"Yesterday we shot down 14 enemy airplanes. Our bombing machines were very active during the night and destroyed among other things a big French ammunition depot north of Chamons."

SHIP SUNK IN COLLISION WITH AMERICAN TANKER

Steamship Poseldon, Formerly Under Dutch Flag, Goes Down—Five Members of Crew Missing.

New York, Aug. 2.—The American Steamship Poseldon, 1911 tons gross, formerly under the Dutch flag was sunk in a collision with an American tanker last Wednesday off the Atlantic coast. It was learned in Marine circles here today. Five members of her crew of 38 are reported as missing. Captain J. Durie, master of the ship, died as the result of exposure after being landed.

Thirty-three men of the crew were landed at Lewes, Delaware having been picked up by a patrol boat after they had floated for about eight hours. Many of the men were found clinging to wreckage, as part of the ship's equipment of life-boats had been destroyed in the crash.

According to information received here, the damage to the American tanker was such that she was compelled to enter a nearby port.

The Poseldon was taken over in an American port by the United States shipping board with other Holland vessels several months ago. She was assigned to the coastwise coal carrying trade. When sunk she was on a voyage from Boston to Norfolk.

The allies are not giving the Huns many restful days.

"The objective of the one army is the other," says Gen. March. That is easily understood.

The German press is implying the people not to lose faith in "me and Gott."

Corn prices vary three or four cents a day on the Chicago Board of Trade, without any particular reason.

A Holland newspaper says the Germans may not believe the allies can overcome them, but that they are becoming mighty uneasy.

The law drafting non-essential workers is now in force and the quota of this state is ten thousand men for war industries. Idlers would do well to find a job where they might be useful. They are certainly not ornaments.

Hugh S. Magill, state centennial director has formally announced his candidacy for state superintendent of public instruction in the Republican ticket. Mr. Magill is an able man and will make a strong race.

The assassination of a German field marshal in Ukraine demonstrates that people cannot be compelled to welcome a foreign invader.

The United States and its allies are planning to again give Russia military and financial aid. A civil commission is also being formed to extend financial aid to the helpless and suffering.

The kaiser is acknowledging he understands the fighting qualities of Americans. He has brought many divisions of his reserves into the Marne section to resist allied advances.

Over in Pike county they are not only using tractors on some of the large farms, but are working after dark by the aid of electric lights, the juice for the light being generated by a magnet to the power of the tractor engine. Soon a farmer will be able to beat an unfavorable season by plowing day and night when the soil is in shape.

GERMAN TROUBLES

Despite Kaiser Wilhelm's boast that German arms have won peace in the east, there is evidence of serious trouble in that quarter. Nor is it confined to the uprising against German tyranny in Ukraine. Germany is engaged in a diplomatic dispute with Austria over the Polish question, and this may be settled without serious difficulty, the controversy is not making for more cordial relations between Berlin and Vienna. Turkey and Bulgaria again are quarreling, and the animosity that exists between the soldiers of the two countries has been exhibited in clashes on the border. The Berlin Lokal Anzeiger, realizing the possibility of strife, publishes an editorial urging that the German allies halt their dissensions. Otherwise, it says, they are likely to lose all they have gained. This editorial throws a wet blanket on the bombastic proclamation of the kaiser.

WHICH IS VARDAMAN.

That the south has a few independent spirits witness the following from the Hattiesburg (Miss.)

paper, headed "A southern gentleman or Simon Legree?"

"In a recent speech, Senator Vardaman has made the outrageous statement that if he had power to give the mandate, the negro children from Mississippi who are serving the flag in Europe would never be allowed to set their feet on the soil of their native state again.

"This is the measure of the man and the gauge of his abilities as a southern representative and American statesman. "When a southerner by birth and breeding, occupying the position of Senator Vardaman, which presupposes a superior intelligence, culture and sense of justice, can be guilty of such a Prussian fulmination before the people of his native South, the amazed American citizen can at last understand why he gave his sympathy so full heartedly to the ruthless Hun, before the declaration of war made it necessary for him to transform himself into a crawfish in order to save the career to which he has devoted his life and energies.

"During the whole range of his public life, Vardaman has done more to vindicate certain northern fanatics in their own eyes and to convince the ordinary citizen of the North that Simon Legree was a truthful type of southern slave owner than any other man within the memory of the present generation. Certain northerners, with the picture of Simon Legree on their mental vision, believe that the southern gentleman never approaches a negro save with a club in his hand, and through his career the junior Senator from Mississippi has done everything in his power to enhance this impression.

"Every northerner who becomes thoroughly familiarized with conditions in the South becomes convinced of the truth of the old saying, namely: 'That the southerner who hates a 'nigger' is the one who never owned a 'nigger,' and it ill becomes Senator Vardaman to abuse the black man after he has endeavored so many years to ride into office on his back."

THE FLIES.

The pesky flies, in endless herds, have put me on the blink; I cannot find the proper words to tell just what I think. I wonder if the sweet crusade has thinned their ranks at all; I wonder if it really paid to smash them on the wall? For long sad years we've fought the flies in every way we knew; we've soaked the brutes between the eyes, and poisoned quite a few. We've blown for swatters hard earned monies, and should have gone for pies, and now that all the toll is done, have we thinned out the flies? We've caught them in a patent cage, we've crushed them in their tracks, and often, in a seething rage, we've slain them with an ax. We've slugged them on the cellar stairs and on the pantry shelves; we've punished them with clubs and chairs until we sprained ourselves. We have bet the paths they trod with pitfall and with gin, and spread our tangledfoot abroad to rope the blamed things in. And was our labor thrown away, our anguish all in vain? The flies seem just as thick today, as hopelessly insane. Around me countless legions rise, and buzz and roost and hum; I counted nineteen million flies, and still new legions come. And I suppose they'll still be thick until there comes a frost. For sale: A brand new swatting stick, at less than half its cost.

WHY CHANGE CITY GOVERNMENT PLAN?

The election when people of Jacksonville will vote upon the question of abandoning the commission form of government and returning to the aldermanic form will be Tuesday, August 13. The question as submitted to the people will read:

"Shall the City of Jacksonville abandon its organization under the commission form of municipal government and become a city under the general law?"

If a majority of the people vote in favor of this change it will mean that when the terms of the present commissioners have expired next May that Jacksonville will again operate under the aldermanic form of government. Under the general law there will be two aldermen from each ward unless at another election the people should declare in favor of minority representation, which would result in naming three aldermen from each ward.

Under the general law, as stated, there would be eight aldermen and a mayor, with the power vested in this body to fix the salary of the mayor and also to fix the salary of the aldermen. The law provides that the salary of aldermen shall not be in excess of \$10 per meeting. One of the arguments—and about the only one—advanced against the commission form act is that the salaries paid the commissioners and mayor are too high when considered in connection with the duties actually performed.

It is well to note in this connection that while under the former aldermanic form the aldermen received \$3 for each regular meeting, that under the law as it now stands it is entirely possible for aldermen to fix the meeting fee at \$10 for each meeting. Under the aldermanic system before the mayor received a salary of \$1200 a year and the aldermen \$3 each for regular meetings and \$1 each for special meetings. The regular meetings therefore, in those days cost the city, in addition to the mayor's salary, \$36.

Under the proposed plan the aldermen, if they so desired, could charge the \$10 and each meeting would thus cost the city \$80 in addition to the salary of the mayor. The possibility of effecting a large saving in yearly salaries by a change to the aldermanic form is not great. There is no more reason for thinking that aldermen would fix their salaries at a minimum fee than that the commissioners would fix low salaries instead of taking them to the highest point. It is a fact that, considered in a country wide way, municipal government has not measured up well with state or national government in the matter of efficiency. The commission form plan has been generally looked upon as a step toward securing greater efficiency. It provides for fixing of responsibility which does not result under the aldermanic form with its ward systems.

It is a matter of comparatively recent history in Jacksonville that there were evils in connection with the aldermanic form, with the aldermen vying with each other in the endeavor to take care of their own wards rather than to consider the good of the city as a whole. It is granted that the commission form act should have local application. In other words it is hard to conceive of a law providing a municipal government which is suited to all cities alike, even of approximate population. There are differences in local problems and conditions.

What is needed here in Jacksonville at this time is not a change of government plan from the commission form to the aldermanic form, but a consideration of certain local conditions. It is a fact that the city has a heavy floating debt and while it is true that nearly all other cities are in the same financial condition—or worse—that does not help out in the local problem. To repeat, the city has a large floating debt and the next city officials to come into power in May, whether under the commission form or the aldermanic form, will find an empty treasury. In fact, it will take more than the revenue of another year to wipe out the approved bills outstanding. The city's revenues have not increased during the past few years, and, as has been so often stated before, the expenses of operation for the city have increased in a large way, just as is true of the expenses of individuals. So month after month the city has been getting into worse financial straits.

These are war times and there is a special call for patriotism as affecting all affairs of the nation. So in the city these are war times, when it would certainly not be the result of good judgment to make any change in the governmental plan. It is a time not to build up or emphasize differences of opinion but rather to emphasize a spirit of compromise. In legislative bodies of nation and state in these days men are putting aside a great many things, politicians are burying many differences of opinion just because of the larger things in view. The same thing should apply in this municipality. There is a call for local patriotism. There is a call for men and women of this community to set aside personal feeling and animosity and to look at city affairs in the clear light of reason.

As has been suggested before in these columns, under the present conditions it is an entirely reasonable thing to suggest that no change in local government plan be made but that there be special application of the commission form to present local conditions. Men no doubt can be found—reputable business men—who would be willing to serve as mayor and commissioners without cost or at a merely nominal salary, in order to carry out the commission form idea.

These men, serving in reality as trustees or commissioners, could select one general superintendent for the city or could operate the city thru department heads responsible to them. In this way these commissioners or trustees would have responsibilities similar to members of the board of education, who have Supt. Perrin to look after intimate school affairs. They would hold the same position that the trustees of Illinois college have with reference to college affairs, these trustees having designated Dr. Rammelkamp as the president of the college and superintendent of its affairs. The same situation applies to Illinois Woman's college, where Dr. Harker as the managing officer represents the trustees of the institution.

The business affairs of the board of education, of Illinois college and of Illinois Woman's college are all much larger than are the affairs of the city. A far greater amount of money is handled by these colleges and by the board of education. The persons who serve as trustees or board members in the cases mentioned do so because of their interest in the causes which they represent and because of the willingness to take co-operative action to forward the interests of the various schools or institutions.

Here in this city there is an empty treasury—one which is going to be empty for quite a long time to come. The call is for men to be found who are willing to serve their city and their fellow citizens for a few years with only nominal financial compensation. A change to the aldermanic form of government will not give relief from present troubles. The thing to do is to retain the present form, get together in a war-time, patriotic, city-loving way and co-operate to hold down the city's expenses, get out of debt and have revenues to measure up somewhere near expenses.

CANNING METHODS: MISS WRIGHT'S THEME

Interesting Demonstration Given Friday at Y. M. C. A. Building—Fourth in County Series.

The demonstration of cold pack canning methods given by Miss Wright at the Y. M. C. A. building Friday drew a large company. There were sixty women present from various parts of the city and surrounding territory to witness the demonstration. This was the fifth of a series given in the county this week by Miss Wright under auspices of the Morgan County Farmers club. The demonstration at Chapin Thursday was in the basement of one of the churches and thirty women were present.

At the demonstration here yesterday Miss Wright gave facts about the water bath and steam pressure processes, using corn, tomatoes, cabbage and beans in the demonstrations. Those who have attended the lectures given during the week are very certain that more vegetables than ever before will be saved in Morgan county this year, ready for use during the winter months. The methods followed are quite well outlined in the following statement prepared by Miss Wright:

The One-Period Cold Pack Canning Process.

Six steps:
1. Choose fresh vegetables. Peas, beans, corn and asparagus should not be picked more than five hours before time of canning. Clean and prepare them as for cooking.
2. Blanch or scald from 1 to 15 minutes, counting time when the water begins to boil.
3. Cold dip. Use fresh, cold water to quickly chill the product.

4. Pack at once into hot jars. Add 1 teaspoonful of salt to the quart of vegetables and fill jar with boiling water.
5. Sterilize in water at least 1 inch over the tops of the jars. Do not count time until the water boils.
6. Remove from boiling water and seal immediately. Test for leaks.

GAVE FAREWELL FOR CHOIR MEMBER

Members of Mt. Emory Baptist Church Honor Eugene Nasby Who Goes With Contingent of Colored Men Monday—Program of Songs and Talks.

Members of the chorus choir of Mt. Emory Baptist church gave a farewell in the church parlors Friday evening in honor of Eugene Nasby, one of the members who leaves Monday morning for military service. There was a large number present for Mr. Nasby has been one of the most popular and faithful members of the choir for some time. The parlors were decorated with the national colors.

Refreshments were served under the direction of Mrs. Mary Hayden. This was followed by a program of patriotic songs and addresses, Eugene Hayden, president of the choir presided. The audience sang America and other patriotic songs and hymns interspersed the program.

Rev. E. L. Scruggs was the first speaker introduced by the chairman. The pastor spoke in fitting terms of Mr. Nasby's services as a member of the choir and assured him the prayers and best wishes of the friends present would follow him.

Those remarks were followed by brief talks by Miss Susie Lynch and Edward Mallory, chorister. Mr. Nasby responded in an appropriate address in which he expressed his appreciation of the kind words spoken and sentiments expressed by the various speakers. He assured those present that he would be true to every task assigned him.

Ugly, Unsightly Pimples Are Signals of Bad Blood

Give Heed to the Warning

Pimples on the face and other parts of the body are warnings from Nature that your blood is sluggish and impoverished. Sometimes they foretell eczema, boils, blisters, scaly eruptions and other skin diseases that burn like flames of fire.

They mean that your blood needs S. S. S. to purify it and cleanse it of these impure accumulations that can cause unlimited

trouble. This remedy is the great vegetable blood purifier known and contains no minerals or chemicals to injure the most delicate skin.

Go to your drugstore and get a bottle of S. S. S. today, and get rid of those unsightly and disfiguring pimples, and other skin irritations. And it will cleanse your blood thoroughly. If you wish special medical advice, you can obtain it without charge by writing to Medical Director, 29 Swift Laboratory, Atlanta, Ga.—Adv.

DON'T YOU SOMETIMES HATE TO SHAVE YOURSELF IN THE MORNING?

Everything Necessary For the Man Who Shaves Himself

Guess you remember a few mornings ago, when you stood for a couple of minutes trying to make up your mind whether you would shave yourself or not. You hated the idea of starting the day with yesterday's whiskers on your face, but you hated the torture that you were going to suffer if you shaved.

What was the reason for this? Was it the soap? Was it the razor? Or, perhaps, it may have been that unpleasant after effect you had expected when you shaved yourself.

There is no need for this if you have the proper lather. 50 per cent of a good shave is the lather. We very strongly recommend REXALL SHAVING CREAM. It lathers quickly and freely and it will rubbed on to the face, will soften the beard so that shaving becomes not only easy but pleasant. If you prefer stick or powder, we have the same excellent quality in these.

The razor is of course important and we would be glad at any time to show and advise the right kind for your beard and skin.

For a pleasant feeling after shaving the best thing to use is Rexall Shaving Lotion, which is an antiseptic and leaves the skin feeling cool and comfortable.

A little Talcum—there's a special kind of powder for men, you know—gives a finishing touch and makes your self-shave as enjoyable as any your barber ever gave you.

A NEW STYLE OF GRIST MILL

Messrs. F. McNish and Thomas
Low, of Chicago, and Frank
Pollitt of Havana were in the city
yesterday on their way home from
Belleville and other points in the
south part of the state. Mr. McNish
is selling and erecting a new
style of what he terms grist mills
which he says are very successful
as rivals of the great concerns
which so dominate the flour mar-
ket at the present time. This is
a small roller mill, propelled by
the best advantage by an oil
twenty horse power engine and
at full speed will make fifty
barrels of flour a day. He says
he only tries to sell his mills in
a district where the wheat crop
is reasonably certain so that they
will seldom if ever be any need
of shipping in grain to be ground.
The type of engine is cheap,
easily installed and runs with a
small expense and needs little at-
tention. The farmers may take
to the mill their grain and the
mill takes from it the flour and
grinds as in the good old days
gone by. Mr. McNish says he
sold one in Hardin, Calhoun Co.,
eighteen months ago and it has
been a success. He claims his
mills in the proper communities
where there is plenty of wheat
are a complete success.

The whole country in this part
of the state is dotted with the
travels of flour mills. The late
O. D. Fitzsimmons once told the
writer that he was one of those
owning the mill north of town at
the end of the long bridge and
their profits for a long time were
\$300 a day. Not many in town
will remember the mill north of
the Wahash freight station owned
and managed by the late Elmer
Wolcott and others for some time.
The larger city mill on North
West street managed so long by
E. C. Kreider was profitable once
but was later a failure. The mill
of the Mansfields at Franklin, of
the Jaegers at Waverly and hosts
of others went down the all made
good flour.

Acetic explosers and other
persons who have to do very
work under extreme dry climatic
conditions, invariably develop
an intense craving for sugar, and
eat enormous quantities of it.

BULLETINS

(By the Associated Press)
AMSTERDAM, Aug. 2.—The Hungarian house of magnates yesterday passed the suffrage bill, according to a despatch from Budapest. There was only one dissenting vote.

AN ATLANTIC PORT, Aug. 2.—Five Italian editors, representing leading Italian publications arrived here tonight on a French steamer. They will make a tour of the United States to study America's war work paying special attention to the American system of food conservation.

NEW YORK, Aug. 2.—A campaign to dispose of 120,000 bushels of unmarketed beans in New York state, which will go to waste unless the public develops a desire to eat them, was begun here today by the Federal Food Board. Housewives are urged to show their patriotism by having "bean meals" at least once a week until the surplus is consumed.

LONDON, Aug. 2.—Lance Corporal Dowling of the Connaught Rangers, who was landed on the coast of Ireland from a German submarine three months ago was pronounced guilty today and sentenced to death. The sentence, however, was commuted to penal servitude for life.

COPENHAGEN, Aug. 2.—Admiral von Holtzendorff, chief of the German admiralty staff has been retired for reasons of health, according to an announcement by the semi-official Wolff Bureau of Berlin.

Admiral Reinhardt Scheer, commander of the battle fleet has been designated to succeed him.

NEW YORK, Aug. 2.—George E. Pollock, vice president of the New York Herald and long a close friend of the late James Gordon Bennett, who owned the Herald died at his home today of intestinal trouble.

WASHINGTON, Aug. 2.—Incessant at the German control of Finland, the inhabitants of Alland Islands in the Baltic sea have dynamited the fortifications of the islands to prevent them becoming a menace to Sweden thru German control, according to advices received today thru official channels.

NYAL
Liver Salts

—Is an excellent saline laxative combination—does not cause nausea or griping and has a wide range of usefulness. It is the ideal summer laxative. It will be found to render valuable service in cleansing the intestinal tract not alone in constipation but also in diarrhoea due to intestinal irritation and in conditions resulting from indiscretions in eating. Buy a bottle today and take a dose in the morning. You will never be without it after that.

"A raid on the railway station and bridge at Uzunkopri resulted in damage to the station building.

During a dawn reconnaissance of the enemy north and west of Imbros thirteen Casques were observed. Bombs were dropped, damaging two and destroying a third. A new enemy airfield at Uzunkopri was bombed and photographs show much damage was done, one hangar being entirely destroyed."

Notable Advance in
West Side of Salient.

LONDON, Aug. 2.—Reuter's correspondent with the American army on the Alsne-Marne front, telegraphing Friday at 4 p. m., says:

"After a period of comparative inaction, in which there was nothing but artillery preparation to chronicle, a notable advance was made yesterday in west side of the salient. After the gallant French action which cleared the whole of the long plateau known as the Butte de Chalmont, the position there has been rather critical."

"The enemy had practically ringed the Butte with a semi-circle of fire, extending from a queen jumble of terrain on the northwest below Plessier-Huleu and along the buttresses of the hills above Grand Rozoy and Cramaille to the formidable promontory eastward of Saponay."

"It was plain that while things remained as they were in the Butte sector the American advance in the center could only be a provisional affair, since any progress on Seringes would leave the left wing in the air."

"The admirable work of the French and British yesterday, however, had a most enlightening effect on the situation."

WITH THE SICK

Howard Harris is quite ill at his home, 403 Hardin avenue.

Howard Wannamaker who is ill of typhoid fever at Our Saviors hospital is reported as improving. For several days he was in a serious condition.

Texas Lady Thus Describes Condition She was In. Then Tells How Cardui Relieved Her

West, Texas.—Mrs. J. A. Hunter, of this place, recently made the following statement: "I have known of Cardui for years—when a girl, my mother gave it to me to stop pains . . . and it certainly did me a great deal of good."

After marriage I was in a run-down state of health and nervous, not at all like my usual self . . . so much so that I had to go to bed. I began taking Cardui . . . soon I was strong, able to do my work, even my washing.

I have been well since . . . I can recommend Cardui and gladly do so . . . Whenever I over-work and feel tired, draggy, worn-out, I take a few doses of Cardui. It strengthens me, gives me an appetite, seems to strengthen my back, and I soon feel like going to work again.

I think all women should keep and use Cardui. It is splendid."

If you are suffering from any of the symptoms Mrs. Hunter mentions, try Cardui, the woman's tonic.

In use for over 40 years, Cardui has helped thousands of women.

Cardui is composed of mild, medicinal vegetable ingredients, acknowledged by standard medical writers to be of benefit in many female disorders.

Social Events

Baptist Sunday School Classes Give Picnic.
 The Sunday school classes of Miss Maude Nesmith and Mrs. L. B. Turner gave an ice cream social on the Baptist church lawn Friday evening from 6 to 9:30 o'clock. The classes are raising money for the Sunday school building fund. A large number were in attendance and a goodly sum was realized. The tables were prettily decorated with yellow flowers and Japanese lanterns also were used effectively in the decorative scheme.

Entertained Sunday School Classes.
 Members of the Loyal Sons and Faithful Followers Bible classes of Central Christian church met at the home of Miss Adelaide McCarty, 774 East College avenue, Thursday night. The lawn was prettily lighted and the hours were very pleasantly spent by members of the classes with music and games. Refreshments suited to such an occasion were served. The company included Misses Helen Baker, Mary Moxon, Helen Hanson, Allie Leake, Pearl Moxon, Georgia Hettick, Irene Ferguson, Leola Spencer, Beatrice Dye, Helen Chealey, Catherine Gustafson, Edith Strandberg, Mabel Ruyle and Ruth McCarthy. Messrs. Navel Scarlet, Harlan Moses, Richard McCarty, Harold Hunter, William Hadden, Eugene Darr, Fred Lynn, William McCarty.

Gave Farewell Party.

A farewell party was given Wednesday evening for William Casey of Woodson at the home of his parents Mr. and Mrs. John Casey. The young man left for Camp Taylor Thursday morning.

The party was planned by Mrs. Homer Winter and Mrs. Hugh Vorhes. He was presented with a Knights of Columbus ring by his friends and the presentation speech was made by Miss Margaret Steinmetz. The evening proved most pleasant in a social way. Ice cream and cake were served. Among those present were: Jesse Butler and family; Dog Butler and family; John Virgin and family; John Lewis and family; Hugh Vorhes and family; Mr. and Mrs. Louis Baughman, Claude Winter and family; Mrs. Homer Winter and family; William Casey, Jack Butler, William, Fanning, Lloyd Shepard, Floyd Angelo, Harry Doolin, Val Fitzpatrick, Marie Fitzpatrick, Stella and Florence Doolin, Margaret Steinmetz, Myrtle, Sadie and Lucile Butler, Catherine and Marie Crotty, and Miss Finch of Chapin.

Gave Picnic in Honor of Guest.

Misses Eugenia Hazel and Helen Rustemeyer entertained at a picnic supper at Nichol's Park Friday evening in honor of their guest, Miss Mary Devaney of Normandy Grove, Mo. The time spent at the park proved most pleasant in every way and the many baskets contained a large variety of good things to eat. After the supper the guests came into the city and enjoyed the screen show at Scott's. Among those present were: Theresa Lonergan, Mayme Hayden, Gladys Hamilton, Minerva Wharton, Margaret Burkery, Helen, Eugenia and Hazel Rustemeyer and Mary Devaney.

Miss Esther Davis expects to leave today for Shelbyville, Ill., to visit relatives and friends.

E. P. Sooy of Murrayville was a city arrival yesterday.

LOCAL BOARD NOTES.

The local board is in receipt of a communication from the adjutant general asking for volunteer riggers, bridge carpenters and lithographers, for service in the engineering corps. Any qualified registrant has the opportunity of undertaking this work.

Allegation call No. 1093 has also been received from the adjutant general's office. This allegation calls for two men from this county who are to report to the commanding officer at Northwestern University, August 15, for instruction as carpenters, sheet metal workers or wireless operators. Men selected for this service will receive a course of training at government expense fitting them to serve in army positions both at the front and behind the battle lines. Voluntary period of enlistment under this call continues until August 6. The day following if the two men have not volunteered the board will select them. Registrants of the June 1918 class may be accepted as volunteers.

SOME AUTOMOBILE FACTS

Just now the difficulty is to get automobiles, not to sell them. There is so much demand for best cars such as the Oakland, sold by J. F. Claus Motor Company, that they are scarce. Mr. Claus has a few on hand but can't say how long he will have them. The fact is, the superior construction of the Oakland makes it go from 21 to 28 miles on a gallon of gasoline while the tires, if good, will travel from 8000 to 12000 miles. No wonder the people like the Oakland for it is well and durably made.

GIVING PROGRAMS

FOR RED CROSS
 A group of Jacksonville young women is giving a series of programs for the benefit of the Red Cross. As previously noted, they presented an excellent program at Waverly one night this week and tonight they are to be at the Island Grove church to give a concert program. It will begin at 8:30 o'clock and is open to the public, the entire proceeds going to the Red Cross. The girls who appear on these programs are Miss Bernice Wood, reader; Miss Helen Sorrells, violin; Miss Hilda Franz, soloist; and Miss Mabel Wyatt, pianist. All of them have talent in their special line of study and any joint program they give is one of real merit.

HAS LOST THREE

COUSINS IN WAR
 Miss Josephine Wood of the Pacific Hotel is to go to St. Louis to take a post graduate course at St. John's hospital. Miss Wood has a number of relatives in the war and has just been advised that her cousin, Lieut. Walter F. Wood of St. Louis, was recently killed in action. Three cousins have lost their lives at the war front.

GOOD WHEAT YIELD.

On the Samuel Butler farm near Woodson they are threshing now and the yield is very fine. Some parts of the crop bid fair to go fifty bushels to the acre and of a good quality.

FUNERAL NOTICE.

Funeral services for Sylvanus Scott will be held from the M. E. church in Franklin Sunday afternoon at 2 o'clock in charge of the Rev. W. E. Keenan. Burial will be in Franklin cemetery.

COL. HUGHES DIES AT PENSACOLA

News Received of Death of Former Resident Here—Grew Wealthy in Southwest.

Word has been sent to Edward Dunlap, cashier of the Dunlap, Russell & Co. bank of this city, that Col. Wm. E. Hughes of Denver, died at Pensacola, Fla., July 29th, after an illness of a week. He had been in poor health for some time. Miss E. S. Norbury, private secretary of Col. Hughes sent the word. The lady is a sister of Dr. F. P. Norbury. Col. Hughes was one of the men who have gone from Morgan county to make a great success in life. He was the son of Judge John Hughes, a godly man and an elder in the First Presbyterian church of this place, a liberal contributor to its expenses and a man of exemplary character. Col. Hughes was born March 15, 1840 and after attending the public school of the place entered Illinois college in 1853. He did not finish the whole course but remained out to teach school but went back to the college in 1858.

The following year he removed to Texas and when the war broke out he cast in his lot with the cause and rose to the rank of colonel of a southern regiment. At the close of the war he taught school a while in Weatherford, Texas and at the same time studied law and was there admitted to the bar. Later he went to Dallas, Texas, where he organized the City Bank of Texas, which was later merged into the City National bank of which he was president.

In 1880 he moved to St. Louis where he practiced law for five years and then returned to Dallas, Texas, and was elected president of the Exchange bank. He later decided to remove to Denver, which has been his home ever since. He has migrated somewhat from place to place, but the capital of Colorado has been his headquarters.

Nov. 15, 1867 he was married to Miss Annie C. Peete of Ft. Worth, Texas and they were the parents of one daughter, Eliza Clifton, who afterward became the wife of Col. John Springer, son of Hon. J. T. Springer, and a native of Jacksonville and a resident of Denver. They were the parents of one daughter, Annie Clifton Springer who now resides in Denver. He had two sisters, Misses Mary and Eliza, who were residents of this city, living for a time on West Morgan street and later on West State street but both died years ago and ill health prevented their brother from attending the funeral. He is survived by his wife and granddaughter of Denver and two cousins in Bloomington. As long as the sisters lived their brother was very kind and generous to them and he was a man of many excellent traits of character.

UNION SUNDAY NIGHT SERVICE.

This service will be held Sunday evening at 7:30, instead of 7:15, and will be conducted in the building of the First Baptist church, instead of on the Congregational lawn. The speaker will be either Rev. W. E. Spouts (if in town) or the Rev. Davis Marfield. The change of place has been occasioned by the Congregational lawn being given to a special farewell service in honor of the negro soldiers about to leave.

RALLY DAY WILL BE HELD AT MT. EMORY

Meetings of Unusual Interest Will Be Held Sunday—Expectation Is to Wipe out Church Indebtedness—Basket Dinner at Noon

Members of Mt. Emory Baptist church are looking forward to Sunday with great interest. On that day inspiring services will be held and a rally to raise funds looking toward the wiping out of the indebtedness of the church and all other obligations.

The members began preparing for the event several months ago. All the church organizations have been busily engaged in raising funds and it is the expectation that \$1,000 will be raised.

Two services will be conducted during the day. The morning service at 11 o'clock and the afternoon service at 3:30 o'clock. Owing to the farwell ceremonies for the colored soldiers there will be no evening service.

Following the morning service there will be an old fashioned basket dinner at the church. All members and friends are cordially invited to bring their baskets and join in this farwell service. At the afternoon service the ministers and members of other colored churches will join in the exercises. All friends are invited to be present at this service. A full report of all money collected from organizations or individuals will be given at the afternoon meeting.

TO THE REPUBLICAN VOTERS OF MORGAN COUNTY.

I have decided to become a candidate for the Republican nomination for County Judge at the coming primaries on September 11th. I reached this decision advisedly and fully realize the time and work it entails to properly present one's candidacy before the voters of either party in this County. Time, however, will not permit me to personally solicit all of the Republican suffrage before primary, therefore I shall be compelled to present my name in the general manner with the hope that my party fealty or personal acquaintance voters will appeal favorably and that I may have your vote at the coming primary. I shall indeed be grateful to all of you who will be kind enough to support me.

Your respectfully,
PAUL SAMUEL.

FLOODS IN CHINA.

A card from Mrs. Kinnear in Foochow, China, where Rev. L. C. Christian, missionary pastor of the Jacksonville Congregational church is located, writes a friend here that great rains are prevailing. She says: "Just now a big flood is on and people are going around in boats while rickshaws, (small sulky drawn by men) are in water to the hub. Our factotum asks to go home this afternoon and pile up his things as water has gotten up to his bedroom and still it rains, rains, rains."

"Many are the homes that are miserable today; everything they have under water. Our men folks—the youngsters, took a boat yesterday and paddled all around."

FIRE ALARM FRIDAY. The fire department responded to an alarm at 5:30 o'clock Friday evening at the home of Mrs. Sadie Mullens, 711 North Fayette street. The property is owned by J. Capps and Sons. The blaze was caused by the explosion of a coal oil stove. It was extinguished by employees of the Capps plant with a hand chemical before the arrival of the department. The damage is fully covered by insurance.

A BIG WHEAT CROP. S. O. Shuff is busily engaged in threshing his wheat crop of 150 acres north of the city. The yield is very good and of an excellent quality. He began work Wednesday evening and threshed some 250 bushels but thought yesterday he would hardly get thru before Monday.

UNDERWRITERS CHANGE REPORT FILING PLAN

Office of Stamping Secretary Will Be Abolished August 15th—Miss Engel Offered Position with Report Department in Chicago.

Beginning August 15 insurance underwriters will send their daily reports to an auditing bureau in Chicago instead of to Miss Lena C. Engel, who is now serving as stamping secretary. For fourteen years past Miss Engel has held the office of stamping secretary and all reports made by insurance agents to companies have passed thru her hands as secretary.

The territory from which policies have been sent to Miss Engel includes Jacksonville, Roodhouse, Waverly, Franklin, New Berlin and Griggsville. The change which is made here is applicable to all of Illinois, the insurance companies having some time since decided upon the system of having all reports sent to the auditing bureau in Chicago instead of to the stamping secretaries located in various downstate districts.

Prior to the incumbency of Miss Engel the office was held by Mrs. S. W. Babb, who before her marriage was Miss Ethel Crisler. Miss Engel's conduct of the office has been satisfactory to the companies and she was offered an excellent position with the bureau in Chicago but declined the appointment because of her preference to remain in Jacksonville.

R. I. DUNLAP HOME FROM OLD MISSION.

Ralph I. Dunlap has returned from a two weeks' vacation spent at Old Mission, Mich. Mrs. Dunlap remained for a further visit. Mr. Dunlap was at Old Mission at the time of L. O. Vaughn's runaway accident. Mr. Dunlap with others, assisted in taking care of Mr. Vaughn during the several hours' interim between the time of his injury and his arrival at Traverse City hospital eighteen miles distant.

Mrs. George E. Shambaugh who as the wife of a physician has had opportunities for seeing a good deal of first aid work, was of material assistance in caring for the injured man until the physician's arrival. Mr. Dunlap said that Mr. Vaughn had wonderful nerve and courage and while he will be in the hospital for six weeks longer, he is improving steadily. X-ray pictures taken indicate that the broken bones are healing in a satisfactory way.

After Mr. Vaughn's injury Mr. Dunlap worked on the farm for a week, taking care of some of the things that Mr. Vaughn had intended to give attention.

HAS RECOVERED.

Mrs. Edward Gallagher of Woodson went to Passavant hospital three weeks ago yesterday and the following Tuesday underwent an operation for appendicitis by Dr. C. E. Black. The operation was a perfect success from the start and recovery was rapid and yesterday Mrs. Gallagher, at the institution. She especially requests the Journal to express her great appreciation of the surgeon's work and the fine care taken of her at the hospital. Everything possible was done for her comfort and welfare while kindness and forbearance characterized all the acts of the nurses and every one connected with the institution.

A PECULIAR COMBINATION

A well known citizen of this city and a man whose veracity is above question told a Journal reporter yesterday that the sugar on his table had seemed strange and unsatisfying and he suspected the presence of some foreign substance. Accordingly he asked his wife to take a teaspoon full, pour on it some hot water and note the effect. This was done and the sugar proved to be half corn meal. The gentleman didn't say where he bought the sugar but it had meal in it anyway.

INDEPENDENTS HAVE CANCELLED BALL GAMES

Lack of Patronage Causes Calling Off of All Local Games—Team Will Play Games With Out of Town Teams Remainder of Season.

All of the home games scheduled by the Independents at West Side park have been called off. This announcement was made by Manager Frank Smith yesterday.

Lack of patronage was the cause assigned by Manager Smith. Many of the games played on the west side this season have been losing propositions. The team has played good ball and fans have witnessed some of the best games ever seen in the city. However, many of the best patrons of baseball are now in the service. This coupled with the war interest seems to have killed baseball insofar as making it pay its way.

The Indians had a game booked with the Lafayette Smith Cadets of Springfield for Sunday. This game was cancelled. The team will journey to Franklin a week from tomorrow and play the Franklin team. Each one has won a game and this will be the rubber.

But few cities have been able to keep baseball going this season. In Springfield they have had a Twilight league but it suffered the same fate that befell the local Twilight league. They kept going, however, until recently. The Springfield Giants, colored, has been the only team to book out of town games and have possession of the only good park in the capital city.

Peoria has a city league and in addition has supported a good semi-pro team that it has been hard to get good teams to play. In Decatur the Staley team which defeated the locals last Sunday has been able to keep its head above water. The local Indians will continue to play games out of town until the close of the season.

INTERSTATE TRAVELERS. Mr. and Mrs. J. E. Eaton and little girl arrived in the city yesterday afternoon after a trip to Portsmouth, Ohio visiting friends. They were on their way to their home in northwest Missouri and were in fine spirits. They traveled in a Ford and said they had experienced but little trouble on the way; only an occasional puncture was all. Roads were generally good and weather favorable. They camp along the way as fancy dictates and take their time. All were looking well as the trip was agreeing with them.
